

EURAXESS South Korea Funding opportunities list June-July 2018

Dear readers,

["EURAXESS – Researchers in Motion"](#) is a European Commission initiative focused on **researcher mobility and career development**.

Among other activities, **EURAXESS supports individual researchers in finding jobs or funding opportunities** to make their research stay in Europe a reality.

On the [EURAXESS Portal](#), we encourage you to consult the:

- [EURAXESS Job database](#) that lists thousands of vacancies from more than 40 European countries and other regions of the world.
- And the [Funding database](#) allowing you to search for the funding programme you need for your mobility or research cooperation project.

Please note that **individual researchers from Korea** can upload their CVs on the portal, register their searches and create alerts to be informed when a vacancy matching their profile has been published.

Funding organisations, including from Korea can publish their jobs, funding opportunities and scholarships on the portal to increase their visibility and reach the best candidates worldwide.

To help you identify these opportunities, EURAXESS South Korea regularly publishes open calls to fund researchers' mobility and cooperation with European teams. This edition is valid for June and July.

The jobs, grants and fellowships announced are **organised by funding organisations (including private ones)**. In section 1, you'll find calls **funded by the European Commission**, and in section 2, calls launched by **individual EU member states or associated countries**. In section 4, you'll find all the calls that were listed in previous editions of this document and that are **still open**.

We remain at your disposal to discuss any queries you may have regarding your mobility projects.

Your EURAXESS South Korea Team

How to use this list of funding opportunities?

1. **Look at the table of contents** to identify the calls that may be relevant to you depending on whether they are incoming/outgoing, open to PhD candidates, post-docs, experienced researchers, are short or long term, the scientific field, , country of destination, etc.
2. **Click on the corresponding page number** to read the full text.
3. If you are eligible, look for **more in-depth information** on the funding organisation's website, by clicking on the hyperlink.

1 European Union

1.1 [Horizon 2020 – Work programme 2018-2020](#) and List of calls particularly interesting for Korea!

Useful links:

[Horizon 2020 Participant Portal](#).

International cooperation

ALL H2020 calls are open to international and more specifically Korean participation.

For more details on funding of applicants from non-EU countries, click [here](#).

The European Union’s Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published.

SEE HERE (PAGES 8 To 14) FOR CALLS SPECIFICALLY OPEN TO SOUTH KOREA.

[Horizon 2020](#) is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports scientifically-excellent research, innovation, and technological development, through [collaborative and innovative research projects as well as grants and fellowships to individuals](#) set out in the Horizon 2020 work programme. The vast majority of this funding is allocated on the basis of **competitive calls open to applications from researchers, businesses and other interested organisations** located in any of the EU Member States or countries [associated](#) to Horizon 2020.

It is open to the world, so Korean **researchers** and institutions are very welcome to get involved.

The final Work Programme for Horizon 2020 covers the budgetary years 2018, 2019 and 2020, representing an investment of around €30 billion.

Access all open calls on the [Horizon 2020 Participant Portal](#) by entering the Topic ID of the call in the search engine (top-right corner of page).

Organisations from any sector and country, including Korea can participate in H2020 projects. However, **Korean research institutions are not eligible for direct funding** by the European Commission. Please note that **Korean individual researchers are eligible to funding** by MSCA and ERC.

Cooperation with Korea is a particular priority for the EU as the potential to work for mutual benefit in a wide range of areas is especially strong. Therefore, Korean participation is welcomed in all Calls for Proposals under Horizon 2020. The latest Joint Science & Technology Cooperation Committee emphasised the need to deepen, scale up and open cooperation in selected thematic areas of mutual benefit.

These areas include both long-standing common priority areas (5G, IoT, Cloud and AI; nanoelectronics; nanosafety; clean energy innovation; infectious diseases; epigenome research; satellite navigation etc.) and new areas of mutual benefit (antimicrobial resistance; automated driving systems, disaster-resilience and security, polar research etc.), as well as cooperation under schemes for researchers' mobility (ERC, MSCA).

[1.2 European Innovation Council \(EIC\) prize for Early Warning Epidemics](#)

€5 million prize to find the best solution for setting up an early warning system for epidemics. It is one of six European Innovation Council (EIC) Horizon Prizes, which are part of the European Innovation Council pilot run under Horizon 2020.

The challenge is to develop a scalable, reliable, and cost-effective early-warning system prototype to forecast and monitor vector-borne diseases in order to contribute to the prevention of outbreaks, mitigating their impact on local, regional and global scales, and providing support to existing elimination efforts.

This prize is **open to all legal entities** (i.e. natural or legal persons, including international organisations) or groups of legal entities.

Deadline to submit applications: **1 September 2020**

[1.3 ERC Advanced Grants \(5 years research projects in Europe, all areas\)](#)

ERC Advanced Grants are long-term funding to pursue ground-breaking high-risk projects. They are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is **open to researchers of any nationality** who intend to conduct their research activity in any European Member State or Associated Country.

European Research Council

Established by the European Commission

ERC grants support projects carried out by an individual researcher ('Principal Investigator') who can employ researchers of any nationality as team members. It is also possible to have one or more team members located in a non-European country.

Check out our **Guide on how researchers from Korea can benefit from the ERC funding** and cooperation schemes at [EURAXESS South Korea](http://ec.europa.eu/euraxess)

The ERC's frontier research grants operate on a 'bottom-up' basis without predetermined priorities.

Eligibility: any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

Location: research must be conducted in a public or private research organisation (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU [Member States](#) or [Associated Countries](#)

Funding: up to € 2.5 million per grant (up to € 3.5 million in some cases)

Duration: up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal.

Deadline: 30 August 2018. For more details on Advanced grants, see [ERC website](#)

Important notice: Time to spend on the project

Researchers applying for ERC-funding must be strongly committed to the project and spend a significant amount of time on it. However, it is not obligatory to spend 100% of your time in Europe whilst carrying out the ERC-funded research.

For Advanced Grants, the Principal Investigator should devote at least 30% of her/his working time to the ERC project and spend at least 50% of her/his total working time in a [EU Member State](#) or [Associated Country](#).

1.4 European University institute (EUI, Italy) – incoming fellowships in social sciences and humanities

1.4.1 [Fernand Braudel Senior Fellowship](#)

Fellowships last for **up to ten months** in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

Departments with open calls for the current call:

- Department of **Economics**
- Department of **History and Civilization**

Deadline: 30 September 2018

1.4.2 [Max Weber Fellowships for junior post-docs](#)

Max Weber fellowships are designed for **junior post-docs** who would like to pursue an academic career, concentrate on their own research and enhance their academic practice in a multidisciplinary environment. The Programme awards 1, 2, and exceptionally 3 year long fellowships in the fields of **political and social sciences, economics, law and history**.

WHO? Open to eligible applicants who are within 5 years from the completion of their PhD, from anywhere in the world,

Deadline: **18 October 2018**

1.4.3 Jean Monnet Postdoctoral Fellowships

To carry out one year research (renewable once) at the Robert Schuman Centre for Advanced Studies (RSCAS) in one of the following Centre's main research themes:

- Integration, Governance and Democracy;
- Regulating Markets and Governing Money; and
- 21st Century World Politics and Europe.

WHO? Open to scholars who have obtained their doctorate more than 5 years prior to the start of the fellowship, i.e. 1 September 2018 for the academic year 2018-19.

Annual deadline: **25 October**.

1.5 European Southern Observatory (ESO) fellowships and studentships

The European Organisation for Astronomical Research in the Southern Hemisphere - European Southern Observatory (GERMANY, CHILE) offers the following opportunities:

- Postdoctoral Fellowships offer outstanding early-career scientists the opportunity to further develop their independent research programmes in an exciting scientific environment with close contact to the activities and staff at ESO. Duration: 3-4 years

Deadline: **15 October 2018**.

- ESO Studentship Programme: These positions are open to students enrolled in a university Ph.D. programme, preferentially but not necessarily in an ESO member state in astronomy or related fields.

Students accepted into the programme work on their doctoral project under the formal supervision of their home university, but they come to ESO to work and study under the co-supervision of an ESO staff astronomer, normally for a period of between one and two years. Studentships may be hosted either at ESO's Headquarters in Garching (Germany) or at ESO's offices in Santiago (Chile).

Deadlines: **15 November 2018**; 31 May 2019

List of [ESO member states](#).

Occasionally postdoc or graduate student positions are opened for some specific projects. These are announced on the [ESO recruitment page](#).

As part of our collaboration with the European Commission, CERN subscribes to the principles of the [European Commission's European Charter of Researchers and Code of Conduct for the Recruitment of Researchers](#). These principles are best practice guidelines, designed to promote equal rights and obligations for individual researchers throughout Europe by specifying the roles, responsibilities and entitlements of researchers, as well as those of funders and/or employers of researchers.

1.6 [CERN fellowship programme](#) (Incoming)

The European Organisation for Nuclear Research ([CERN](#)) Fellowship Programme allows **graduates from universities or technical institutes** in a wide range of applied sciences, computing and engineering to boost their careers in one of the largest scientific experiments in the world, at the cutting edge of technology, developing their technical skills, knowledge and expertise.

CERN offers different categories of fellowships in line with different levels of education and experience. Those currently open are:

- [Senior Fellowship](#), for PhD holders or researchers with at least four years' experience post-MSc (or equivalent diploma which gives access to doctoral programmes), and a maximum of 10 years' experience.
- [Senior Research \(Theoretical & Experimental Physics\) Fellowship](#), for researchers in the fields of theoretical and experimental physics holding a PhD and up to ten years' experience in their field.
- [Junior Fellowship](#), for nationals of [Member or Associate Member States](#) with a BSc or MSc degree and no more than 4 years' experience after completing your highest diploma.
- [Post Career Break Fellowship](#), for researchers with the profile of either a Junior or Senior Fellow and have been on a career break for personal reasons (for example for family or caring responsibilities, health issues) for at least two years.
- [Non-Member State Postdoc Fellowship Programme \(Theoretical Physics\)](#), for researchers who are **not** nationals of a [CERN Member State](#) with maximum of 10 years' research experience after completion of MSc or equivalent and a PhD in Theoretical Physics.

CERN also participates in Marie Skłodowska-Curie Actions which fund individual fellowships. All open opportunities are listed on CERN website [here](#).

Deadlines for all programmes: 3 September 2018

1.7 EMBO Fellowships on Life Sciences (incoming / outgoing)

The European Molecular Biology Organisation (EMBO) brings together more than 1800 leading researchers within 29 Member states and promotes excellence in the life sciences.

1.7.1 [EMBO Long-Term Fellowships](#)

Support **up to two years postdoctoral research visits** to laboratories throughout Europe and the world (no restriction). International exchange is a key feature in the application process. Applicants should possess a doctoral degree.

Deadline: **applications are accepted throughout the year**, with 2 cut-off dates on the second Fridays of February and August.

1.8 [EURAXESS Jobs](#)

There are currently **around 10741 research job positions** (all over Europe, but also in other countries and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).

2.2 BELGIUM - [BAILLET LATOUR Health Prize Call for nominations](#)

This personal award is intended to recognize outstanding scientific achievements in **biomedical research** for the benefit of human health and to encourage the laureate in the pursuit of his/her career. The Prize is open to **scientists of all nationalities** who have not received an equivalent Prize for their personal use.

Exceptionally, the Prize may be shared between two persons who have collaborated over a long period. The laureate will be selected by an international Jury in February 2019.

The themes for the following years will be Metabolic Disorders (2020), Infectious Diseases (2021), Neurological Diseases, Cancer..

Deadline : **30 September 2018**

2.3 DENMARK – [Industrial PhD and post doc Programmes \(Incoming\)](#)

The Industrial Researcher Programme invests in **Industrial PhD and Postdoc projects**. In both project types the candidate is employed in a private company and enrolled at or collaborates with a public sector research organisation. The candidate works on the same project at both places. Innovation Fund Denmark invests in research projects within **all research fields**, provided the research project is of a high quality and is commercially relevant to the company.

An **Industrial PhD candidate** must hold a **master's degree**.

An **Industrial Postdoc candidate** must have obtained a **PhD degree** within the **past five years**.

It must be the project's company supervisor/mentor who creates the application.

Deadlines for Industrial Postdoc and reg. Industrial PhD: **25 September 2018**;
Public sector Industrial Researcher projects: **9 October 2018**

Fund Fonds
Fonds Baillet Latour

2.4 FINLAND – [EDUFI fellowships](#) (incoming)

The EDUFI Fellowships programme is open to young Doctoral level students and researchers **from all countries and from all academic fields**.

The primary target group in the EDUFI Fellowship programme are such Doctoral level students who will be doing their Doctorate (or Double Doctorate) at a Finnish university. Visiting Doctoral-level students and researchers who are doing their Doctorate degree at some foreign university can also be considered eligible, provided that the motivation letter of the hosting Finnish university department presents exceptionally good grounds for such an application.

The scholarship period may vary from **3 to 12 months**.

Applications may be considered at **all times**. However, applications should be submitted at least 5 months before the intended scholarship period.

2.5 FRANCE – [INRIA International Chairs \(Incoming\)](#)

Funding for **long stays** by eminent international researchers in INRIA's project teams.

Programme covers **12 months spread over 5 years**.

For high-level researchers that have their main professional activity outside of France, can commit to spending 12 months divided in at most 5 periods during the chair holding period and can propose a work programme related to the hosting project-team.

During the visits at INRIA, the researcher has to give seminar or lectures to a large audience and to mention INRIA in any specific scientific production achieved at INRIA.

Deadline: **30 September 2018**.

2.6 FRANCE - [PRESTIGE Postdoc programme \(Incoming and outgoing\)](#)

The PRESTIGE programme, coordinated by **Campus France**, aims at fostering the international mobility of post-doc researchers.

Three mobility schemes are available:

- **Incoming**, allowing foreign researchers to carry out their post-doctoral research work in France;
- **Outgoing**, for researchers from France wishing to carry out a post-doctoral research project in another country;
- **Re-integration**, targeted at nationals of EU Member States or Associated Countries working in research for at least 3 years in another Third Country to come to France to further develop their career.

PRESTIGE is a co-financing programme, funding about 1/3 of the post-doc fellow's living, mobility and research allowance, while the remaining 2/3 are financed by another partner, either public or private.

WHO? Any **post-doc level researcher in all scientific field** complying with the Marie Curie Actions mobility rules may apply for funding through PRESTIGE programme. Furthermore, each applicant has to secure co-financing for his/her PRESTIGE mobility from the host organisation (for Incoming and Re-integration schemes) or sending organisation (for the Outgoing scheme).

Deadline: **open all year long with four cut-off dates: 31/03; 30/06; 30/09, 31/12**

2.7 FRANCE - [L'Oréal-UNESCO For Women in Science International Awards Asia-Pacific America 2019 edition](#)

The 2018 edition of the Awards will designate five outstanding scientific researchers in the **Life Sciences**, working in one of each of the following regions: Africa & the Arab States, **Asia-Pacific**, Europe, Latin America, North America.

Each of the five Laureates will receive an award of **€100,000**.

Focus areas: **Physical Sciences, Mathematics and Computer Science**

Scientists around the world are invited to submit candidates for the L'Oréal-UNESCO Awards For Women in Science.

To be considered eligible for an award, it is necessary to be nominated in writing by an eminent scientist. Nominations can only be submitted electronically through the online platform.

This online registration platform will respectively enable you: to nominate candidates for the international awards or to participate in the different selection processes.

Deadline: TBC

2.8 GERMANY - Alexander von Humboldt Foundation [Sofja Kovalevskaja Award \(incoming\)](#)

The Sofja Kovalevskaja Award aims to support particularly promising young researchers from abroad. The prize allows you to spend **five years** building up a working group and working on a high-profile, innovative research project of your own choice at a research institution of your own choice in Germany. The

The PRESTIGE programme is co-financed under the Marie Curie Actions-COFUND of the FP7.

CLICK ON [BLUE TITLES](#) FOR MORE INFORMATION

Created in 1998, the L'Oréal-UNESCO For Women in Science International Awards program identifies and supports eminent women in science throughout the world. Each year, five Awards Laureates are recognised for their contributions to the advancement of science, in Life or Physical Sciences in alternating years.

Humboldt Foundation plans to grant up to six Sofja Kovalevskaja Awards annually. The award is valued at up to **€1.65 million**.

Core eligibility requirements are:

- **Doctorate** or comparable academic degree (Ph.D., C.Sc. or equivalent), completed with distinction less than six years prior to the application submission deadline.
- **Cutting-edge academic achievements** documented particularly by a comprehensive list of independent academic publications
- **Support of the German host institution**, evidenced by a detailed **expert's report** from the academic host as well as the **host's agreement** and the **confirmation from the administration** at the host institution.
- **Two supporting expert reviews** from academics (at the applicant's own institute or other institutes, where possible including some outside the applicant's country of origin).
- **Language skills**: scholars in the humanities or social sciences and physicians must have a good knowledge of German if it is necessary to carry out the project successfully; otherwise a good knowledge of English; scientists and engineers must have a good knowledge of German or English.

Deadline: **31 July 2018**.

2.9 GERMANY - [Postdoctoral Researchers International Mobility Experience \(P.R.I.M.E.\)](#)

Postdoctoral researchers of **all nationalities**, who see their long-term career perspectives in Germany, will be given the opportunity to combine employment at a German university with a research stay abroad.

Funding is provided through an 18-month temporary job position at the selected German University, in which 12 months have to be spent abroad and 6 months (re-integration phase) at a German university. The re-integration phase is mandatory. The German university administrates the salary during the whole funding period

Applications may be submitted before completion of the PhD. However, the PhD must be completed before the start of the funding period.

Deadline: **31 August 2018**

The [Käte Hamburger Kolleg / Centre for Global Cooperation Research](#) is a central research institute of the University Duisburg-Essen. Located in the heart of the Ruhr metropolis - the region with the largest number of educational institutions per square kilometre in Europe - the University of Duisburg-Essen (UDE) is one of the youngest and largest universities in Germany. The university's concept 'open-minded' is reflected in its teaching, learning and living atmosphere.

IAS CEU is part of the [Network of European Institutes for Advanced Study](#) (NetIAS). It brings together 23 Institutes for Advanced Study across Europe. It was created in 2004 to stimulate a dialogue on IAS practices and possible forms of cooperation. Within the whole network, more than 500 researchers are hosted every year for up to one full academic year.

See the list of participating Institutes [here](#).

<http://ec.europa.eu/euraxess>

2.10 GERMANY - [KHK/GCR21 Research Fellowships](#) in humanities and social sciences (incoming)

The Käte Hamburger Kolleg/Centre for Global Cooperation Research (KHK/GCR21) invites applications for Research Fellowships in the period **March 2019 – February 2020**.

Proposals regarding 1) pathways and mechanisms of global cooperation and 2) global cooperation under conditions of polycentric governance are especially welcome.

The fully funded fellowships for **up to 12 months** are available to both **senior and postdoctoral researchers** across the **humanities and social sciences** (including also psychology, law and economics).

What is expected from fellows: A **completed PhD**; Personal research and publication in the Centre's thematic areas; A contribution to the Centre's own publications; Active participation in seminars and other Centre events; Collaboration with other fellows in interdisciplinary exchange; Work in residence at the Centre in Duisburg, Germany.

Benefits include: An intellectually stimulating and vibrant interdisciplinary learning community; Excellent infrastructure with fully equipped offices, library facilities, and administrative support (also with finding accommodation); **Funds to organize workshops** (subject to approval; workshops emerging from an interdisciplinary exchange with other fellows / colleagues at the Centre are preferred); Either a **monthly stipend commensurate with experience or salary reimbursement to the home institution**

Deadline: **15 July 2018**

2.11 HUNGARY - [Fellowships in social sciences and humanities at IAS CEU](#)

The Institute for Advanced Study at the [Central European University](#) (IAS CEU) offers the following fellowship opportunities in **social sciences and humanities**:

2.11.1 [Junior/Senior Core Fellowships](#)

Fellowships are available in **all research areas of the social sciences and humanities**, broadly defined.

Fellowships run for the full 9-month period (Oct-June), for the 3-month short fall semester (October-December), the 5-month fall semester (Oct-February) or the 6-month spring semester (Jan-June).

Eligibility: Applicants must hold a PhD or equivalent in the social sciences or humanities at the time of their application. Junior fellows must have obtained a PhD degree issued in 2011 or later. Candidates who obtained their PhD before 2011 are considered "senior" and must apply for the senior fellowship.

Each year **15 fellows** from **an average of over 400** applicants are selected.

Senior fellows receive **2,600 €/month** and **junior fellows** receive **1,500 €/month** to help support their stay in Budapest.

2.11.2 [Fritz Thyssen Junior Fellowships](#)

2,000 €/month fellowships are available in **all research areas of the social sciences and humanities**.

Fellowships run for the whole academic year (10 months, September 1- June 30) or for the Fall or Winter semesters (6 months, Sept 1 to Feb 28 or Jan 1 to June 30).

Junior fellowships are renewable for another year in exceptional cases and only after an external review process.

Applicants must hold a PhD or equivalent in the social sciences or humanities at the time of their application.

2.11.3 The Botstiber Fellowship in Transatlantic Austrian and Central European Relationships

Fellowships are available for all scholarly work related to the **historical, political or economic, and cultural relationship between the United States and present-day Austria** or the countries that historically make up the Austro-Hungarian or Austrian Empires and Central Europe.

Minimum of three months and a maximum of one academic year (9 months, October-June).

Junior fellows must have obtained a Ph.D. degree issued in 2011 or later. Candidates who obtained their Ph.D. before 2011 are considered “senior” and must apply for the senior fellowship.

Junior Fellows receive 2,000USD/month and Senior Fellows 2,800USD/month to help support their stay in Budapest. Fellows also receive a travel and a small research allowance but are responsible for their own healthcare provisions. **Fellows from all programmes and their families receive housing** at the [Raoul Wallenberg Guesthouse](#).

Deadline for all 3 fellowship programmes: **5 October 2018**

2.12 ITALY – Eisenhower Fellowship Programme at NATO Defense College in Rome

The NATO Defense College currently offers 8 fellowships each year in the field of defense and security policy research related to NATO and its partners. The objective is to promote research and policy analysis in areas of particular interest to the NATO Member States, as well as to countries that are part of the Partnership for Peace (PfP), Mediterranean Dialogue (MD) and Other Military Cooperation (OMC) / Partners Across the Globe (PAG) frameworks.

Each Fellow will receive between 10 000 euros – 14 000 Euros to be used for his/her stay in Rome and his/her travel expenses.

Each fellowship will last for 3 or four months, during which the fellow will be located at the NATO Defense College, in Rome, Italy.

Deadline: 1 September 2018

2.13 NETHERLANDS (KNAW) - Evert Willem Beth Foundation: funding for research and symposiums

The Royal Netherlands Academy of Arts and Sciences (KNAW) Evert Willem Beth Foundation funds some research and symposiums in the following disciplines: **modern logic, philosophy of science, history of logic, history of the philosophy of science and scientific philosophy in general.**

Students as well as researchers can apply. **Continuous application.**

Candidates for the NDC/Eisenhower Defence Fellowships must be citizens of a NATO member state: Albania, Belgium, Bulgaria, Canada, Croatia, Czech Republic, Denmark, Estonia, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Montenegro (upon accession), the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Turkey, the United Kingdom, and the United States.

KONINKLIJKE NEDERLANDSE
AKADEMIE VAN WETENSCHAPPEN

2.14 NETHERLANDS (The Royal Netherlands Academy of Arts and Sciences - KNAW) - [Visiting Professors Programme \(VPP\)](#)

The Visiting Professors Programme enables outstanding foreign researchers to spend time working in the Netherlands. The programme acts as an incentive for Dutch science and scholarship.

The Academy funds a research budget and covers the Visiting Professor's travel and accommodation expenses. The Dutch university acts as the host organisation.

KNAW members, researchers at KNAW institutes, members of KNAW's De Jonge Akademie (Young Academy) and KNAW Academy Professors can submit nominations for a Visiting Professorship.
